WHY TRAIN AT RSC?

SERVICE SPEED | EXPERTISE | RELATIONSHIPS

AWARD WINNING + NATIONALLY RECOGNIZED INSTRUCTORS

RSC Instructors are NATE or AHRI Certified

NICK ESPOSITO

VALLEY VIEW

Nick has 9 years of experience as a service technician and field trainer. He is NATE Certified in multiple specialties and holds several certificates from the Refrigeration Service Engineers Society (RSES). Nick is currently the Manager of Tech Support and Training at RSC.

RICK ROGERS

COLUMBUS

Rick has 38 years of field experience. He graduated from Columbus State, and is RSC's Service Manager for Central Ohio. He is NATE Certified in multiple specialties.

MATT PEARSON

VALLEY VIEW

Matt has a combined 20 years of experience in HVAC service, installation, instruction, manufacturing, management and sales. He has held several NATE Certifications, affiliated with the local RSES and is a member of Auburn Career Center's HVAC Advisory Committee. He is currently providing technical support and training for RSC's Ductless and Residential equipment.

SPRING SEMESTER COURSE

SPRING PRO-CERT HVAC TECHNOLOGY PROGRAM

IN ORDER TO RECEIVE NATE CHP-5 CERTIFICATION, TECHNICIANS MUST ENROLL IN BOTH, SEPARATE, FALL AND SPRING OFFERINGS OF THIS PROGRAM.

Our Residential HVAC Technology Program offers TWO (2), SEPARATE, 12-week sessions: Fall and Spring.

Both of these courses cover concepts and skills that the successful HVAC technician in our industry will need to master. These classes happen over TWO (2), SEPARATE, 12-week sessions - One just held in Fall 2023 and one this Spring 2024.

During these sessions, over a course of 24 weeks, students will have the opportunity to qualify for NATE CHP-5 Certification.

A NATE CHP-5 Certification is the same as the traditional NATE Certification, except instead of taking one large test, they are spread over 5 smaller exams covering 5 areas of study: HVAC Fundamentals, Electrical and Controls, Comfort and Airflow, Installation and Service.

This class will offer the motivated technician a more accelerated pathway to NATE Certification. NATE Certification has become the current standard of excellence recognized by both HVAC manufacturers, consumers, and industry professionals. NATE CHP-5 Certification is a full NATE Certification, taken through a different, more accessible pathway to the technician who is still growing their skill level.

Investment: **\$1,525** (Spring 2024 Class Cost)
This course qualifies for 36 CFAD Distributor Training Hours with 12-week attendance

STATE & NATE HOURS NOT APPLICABLE

This class is intensive, and will have various hands-on elements in our labs, regular classroom lectures, as well as individual homework / study requirements in order to be successful.

COLUMBUS

FEB 6th - MAY 14th, 2024

12-WEEK CLASS
